

THE NEW
DRIVER'S SEAT
the next generation in automotive television

The biggest names in the automotive scene join forces with expert automotive journalists to bring you the next generation in automotive television: *The New Driver's Seat*.

From the field, you'll get entertaining yet frank reviews and market comparisons as our team of experts travel around the globe, delivering fierce opinions on what's hot and what's not in the automotive industry.

From the studio, our dynamic hosts tie it all together inviting you to buckle up and get into gear for the latest in sleek high performance cars, motorcycles and classic luxury vehicles.

Shot with the latest high definition and in-car camera technology, this hot new series will amaze and entice your viewers into the Driver's Seat.

Make *The New Driver's Seat* your next automotive acquisition.
